eShiksa Technology Services Private Limited
11/2020 - Present   *Jaipur*

CERTIFICATES

Spring and Hibernate for beginners (Udemy)

What's new in java 8 (Pluralsight)

AWS Pinpoint (Lynda)

PROJECTS

RAP – Resource Acquisition Portal
- Technology Stack - Java 1.8, Spring Boot, MySQL, Angular, HTML, CSS
- The project is made to acquire resources within an organisation like conference room, meeting room, projectors, external speakers, any other limited resource.

HAWK - An image recognition based security system in RUST
- Technology Stack - Rust, Java 1.8, AWS S3, AWS Lambda, AWS compare face API, Kafka, Raspberry pi3
- The project is an IOT application that uses Rust as a primary language and Java language for writing AWS Lambda function that further uses the AWS Rekognition service to send back the level of image similarity.

Learn - A student management application for school
- Technology Stack - Java, MySQL, JSP, HTML, CSS
- This project is a one step solution where school can manage the students, create fees, fetch reports on student and provide a payment gateway so that student can even pay the fees on their own.
