House no 36 vill devi po marhoon tehsil dheera

dist kangra

Panchkula, Haryana

Summary

I would describe myself as being very resourceful and ambitious at the same time. I find solutions, get creative, and solve problems without needing the help of coworkers or managers. I know when to ask for help and I don't stay quiet if I do need assistance. But when it is possible to handle something without occupying the time of others, I do it and I consider myself very good at it.

Experience

Software Engineer

Bursys Infotech • Chandigarh

06/2021 - Present

Troubleshoot network and production issues and perform root-cause analysis

Provided support to users in Linux and Mac environment
