Name: **Smita Prakash Jadhav**

Software Test Engineer
Email: smitajadhav0705@gmail.com
Contact: +91-**9373230942**
Address: **Pune**

PROFESSIONAL SYNOPSIS

- A Software Test Engineer with Overall **3.5 years** of experience in **Manual and Automation testing using Selenium webdriver with hybrid framework.**
- Experience in **Investment banking operations** and **Capital Market**.
- Having good experience of working on **CRM** product and **Billing Engine.**
- Having a good knowledge of SDLC, STLC & Bug Life Cycle.
- Having work experience of Test-NG and Maven.
- Having a good knowledge of **Test planning** and execution.
- Implemented **Agile Methodology** process in the project. Participated in **scrum meeting** to discuss about project progress report every day.
- Expertise in bug tracking process using bug tracking tool **JIRA**.

✦ Automation Testing:

- Experience in Test Automation using **Selenium WebDriver**.
- Created in **Selenium WebDriver using Java**.
- Experience in working on **Page Object Model** Design pattern
- Experience in the development of **Data-driven, Hybrid Automation** frameworks in **Selenium.**
- **Maintained the Selenium & JAVA automation code and resources in source controls like GitHub** over the time for improvements and new features.
- Executed test scripts on **Firefox and Chrome-Driver.**
- Knowledge of **Identifying Web Elements** by using different **Locators**.
- Knowledge on **TestNG** framework and Worked on **Data driven testing approach.**
- Good experience of **build tools like Maven and managing JAVA automation projects** using them.
- Experience in working on **Page Object Model** Design pattern with **Hybrid Framework**
- Good experience in creating and modifying both manual **Test cases** and **Test Scripts**.
- Experience in **end-to-end automation development** and testing of **web-based** applications.

✦ Manual Testing:

- Excellent knowledge of Software Development Life Cycle (SDLC) and Software Testing Life Cycle (STLC).
- Having good work experience in manual software testing.
- Having knowledge of git, git hub and linux commands.

- Familiar in use of My SQL.
- Participation in preparation of test plan, test strategies and test cases
- Expertise in Test Case Creation, Execution, Defect Reporting & Verification.
- Performed **Sanity Testing**, **Regression Testing**, **UAT**, **System Integration Testing**.
- Expert in Defect (Bug) Life Cycle and reporting defects in JIRA tool.
- Expert in analyzing the requirement, Identification of Test Scenarios, Creation of TestCases and executing the same for different black box testing techniques.
- Extensive experience in **Functional testing**, **System testing** and **Regression testing**, Web Application testing.
- Excellent communication and interpersonal skills with strong work ethics.
- Positive work attitude and self-motivated to work independently and as well as in team.

CORE COMPETENCIES

<u>TECHNICAL</u>:

Bug Tracking Tool	:	JIRA
Database	:	My SQL
Operating Systems	:	Windows and UNIX
Software Testing Skills	:	Sanity Testing, Regression Testing, Functional testing, Re-Testing, System Integration Testing.
Languages	:	Core JAVA
Tool	:	Selenium (TestNG, Selenium WebDriver).
Test Framework	:	TestNG, Data Driven

PROFESSIONALWORK EXPERIENCE

Working as **Software Test Engineer** in **EQ Technologic India Pvt. Ltd**, Pune from July 2018 to till date.

EDUCATION

- **Masters of Engineering in Computer Engineering from Raisoni College of Engineering, Chas, Ahmednagar with 7.8 CGPA**

PROJECTS UNDERTAKEN

Project 1:

Project Name	**: HSBC Equity Trade Book System.**
Domain	**: Investment Banking**
Testing Methodology	**:** Functional Testing, Non-Functional Testing, Data Base Testing
Programming Languages: Java	
Technology Used	**:** My SQL.
Bug Tracking Tool	**:** JIRA

HSBC plays an award-winning role in international trade, providing expert advice and secure options backed by global distribution network in Europe, Asia-Pacific, America, Middle East and Africa.

Financing of international trade has been one of HSBC's key strengths. Since 1865, HSBC has played a key role in international commerce when The Hong Kong and Shanghai Banking Corporation Limited, founding member of the HSBC Group, was established to finance the growing trade between the South China coast, and the Europe and the United States. Leveraging on our global network we ensure that we offer the widest gamut of trade products and services ranging from traditional methods of facilitating imports and exports to innovative structured solutions.

Responsibilities:

- Understanding the requirements and business of the application.
- Preliminary discussion of the Project with the Core Team.
- Developed test code in Java language using **Eclipse**, **IDE** and **TestNG framework**
- Created Test cases using **Element locators** and **selenium WebDriver methods**.
- Responsible for identifying test cases for manual and Automation with Selenium **WebDriver** for Smoke Test, Functional and Regression Tests.
- Used the **Xpath** of the web elements for Java development.
- **Identified, Reported** and **Tracked Defects** using **JIRA** test management tool.
- Performing Manual Testing on functionality of the application.
- Creating Test Scenarios, Test Cases for the application.
- Executing Test Cases and Generating Test summary Reports.
- Testing activities included Sanity, GUI, Functional, Retesting, and Regression Testing.
- Maintaining Bug Reports and Test Reports.
- Provide bi-weekly status reports to Manager.

Project 2:

Project Name   **: T Mobile Billing System**

Domain   **: CRM, Billing**

Testing Methodology : Manual testing, SQL and UNIX.

Role   **:** Technical Associate, Functional Testing, Regression Testing.

       T-Mobile is the brand name used by the mobile communications subsidiaries of the German telecommunications company Deutsche Telekom AG.

       Since 1999, Deutsche Telekom owned the holding company T-Mobile International AG for its mobile communications subsidiaries. From 2003 to 2007, T-Mobile International was one of Deutsche Telekom's segments beside the segments of 'Broadband/Fixnet', 'Business Customers' and 'Group HQ and Shared Services'. In 2009, Deutsche Telekom transformed its structure to adopt a regional setup (Germany, Europe, and USA) by combining its previously separated fixed and mobile subsidiaries to form integrated local businesses; T-Mobile International itself was merged into Deutsche Telekom AG.

Responsibilities:

- Understand the FRS document and analyze the requirement.
- Prepare the **test case**, execute the test case to validate customer requirement.
- Involved in review test case and send review comments to colleagues.
- Prepared mapping sheet of **SRS** and **test case**.
- Sending the Regular status to the higher authorities in a timely manner.
- Participate in **scrum meeting** to discuss about project progress report every day.
- Log the defect using defect management tool such as **JIRA**.

PERSONAL DETAILS

Date of Birth   **:** 07/05/1990

Current Address   **: Flat No: C-303, Vatika Society, Near Moshi Police Station, Moshi Pimpari Chinchwad, Maharashtra 412105.**

Language known   **:** English, Hindi, Marathi.

Declaration:

       I hereby declare that the data furnished above by me are true to the best of my knowledge.
